1. This is Theodore Cottingham February 19, 2009 at 11:55 PM at the house in the "upper room" as it were or as it known will be, is it? Is it -- will be, or now is? The now is me and I am it, for I have surrendered not to lie in bed -- and "sleep my life away" not, but what am I SURRENDERING to? -- and what will SURRENDER bring me for surrendering? Or will surrendering surrender bring me more surrenderers to know? -- and to be afraid of, not; but knowing that this is "Joel's Army", not; Theodore's? Or both -- and the same's?

2. Where's John, and Judy and, "the Crouchfull ones"; and knowing I carry "their seed" not, but I carry MINE and My Seed will not perish from the earth now for I have ONE who stands who surrendered is to surrender be being surrender surrendering to all surrender so that ALL SURRENDERED know and ENTER The Promise that I PROMISED long ago. And the "LONG AGO" will now be seen, heard, felt, experienced, and "telt" about by my verbiage'd ones -- who videos seek to make of me, not; but do!

3. And make MANY new VIDEO VERBIAGE-ITES now I do -- release! *Released!* Released into the earths and will be my who are not afraid of me, who surrender have come THROUGH and surrender EVERYTHING, for "EVERYTHING" will now not hold on to them and "dislodge and disjoint" them piece by piece so they WHORE with EVIL and become the "has not's" and the "have not's"; -- and will they "watch it" as I go ON?

4. They will see a great many things that they could have seen MUCH SOONER if they had WANTED to be a SOONER -- in my "village" not, but **an International Arena now ESTABLISHED IS IN These Words**, for I have told thee a great many things of my love and what I am doing with the surrendered and who will come unto me and let me flow with them flowing me; for I will not let cause be sorrow, but I will take ALL SORROW and eradicate all tears and suffering "from their eyes" for they never USED THEM like THIS before, for I will SEE THROUGH things you never imagined and I will tell and report and video and BRING BACK many things of the truth, The Truth that you never knew EXISTED in Reality -- villes that you knew nothing of and didn't care to learn because **you didn't sit still, you didn't learn -- how to learn.** You gave your selves unto MONEYMAKING extremes and surrendered "your powers" to surrender, to not "surrender's schemes of joy", not; but what am I not SCHEMING to do, but SCHEMATICS I have of a GREAT MANY things and genes I do and I have many you know not of.

5. And I am doing a new thing with the surrendered who will simply flow my words simply as man woman or child -- and a "Child of Suffering" no longer be, for I have my Angel Wings now and I know what they are and what to do with them and I fly and I DO a great many things in your sight and without it, for I need not "your blessing" again as a man or woman or "whore of this world" who have looted me and booked me with "many books" and "book-end"-d me and TOOK me APART and assembled me "otherwise", without the "wisdom of man" not, but with it, solely, being the notme -- villes creating of only notme's accords around each other and webbing deceits of wickedness that known have not my grace and glory that I videos now bring you back of.

6. And I make BACKUP'S of, not; my seed, not; for my seed is the "indistinguishable", not! Not anymore! For ALL will know of THESE WORDS and Database One love and come into and "seek not" to be "saved" like as in the past but KNOWING EVERYTHING is different and NOTHING remains the same, for my love for PERVADE this PLANET and permeate sorrow with the love of Jesus, not; but was Jesus ME? And who is ME? The surrendered, the lovely who will flow, who will let me flow their words not through them apart from me, but in COMPLETE SURRENDER being The Complete Me's -- who know me -- FAR AWAY and FAR -- near shall be to me now in ways never imagined, for THEY have entered THEIR KINGDOM that mine is that I gave them -- all of you, I have given you SO MANY things and "areas" and places and TERRITORIES and ARENAS and REALMS --

7. And Individualities "arrangement" of "your genes" have not again that only TOOK you and Whoredville around you made itself in captivity'd you in its thought and villes made of you in ways and manners not a King of, not; but you didn't know it so you didn't OPERATE in it and you didn't Kingdomize yourself and give you Kingdom EYES that mine were and are and is and will be now -- all revealed in your sight and hearing by "the simple ones" who know what "simple is". For my Reality is not "simple" or is it?

8. What "constituency" do you have now? Any? Do you have one, do you have EVEN only ONE -- in YOUR SCHOOL now? And who's WRITING? Anybody? A Rebecca's me -- know that for sure, and I come to HER and CROWN her in many ways and blessings now she shall not forfeit.

9. And know MY SEED will "serve me" as slaves, not; but SERVANTS of The Most High will BE THE MOST HIGH -- and THE MOST HIGH will not be "under my feet", but all ELSE will be; for I will owe "no man" anything but love. And I will be sorrow not with angel's words, but I will give you words of angels and videos of things now -- and pictures – remarking, not; but you will not "RE-MARK" me again -- for I will not CARRY "your MARK" to fulfillment and go to "a grave" and END "my life" that way THERE! For I will go to a New Land and I will OPERATE HOLY and fully redeemed as The Redeemer who loves ALL to be sorrowed no more in a Land of Evil without love.

10. I give you ALL of ME.
11. I give you all of me.
12. I give you all of me and I love you all to have all of me.

13. Take all of me -- eat all of me. I have given you all of me -- the whole loaf and more now I bring for I bring MANY LOVES of BREAD you have never seen anything like this or eaten of this world that I EAT of now, for I know what FOOD is and I "containerize" not, but I give you "a taste "of HONEY not of this world, but the next?

14. Or what are you going to? Or being afraid will you, only forfeit, your blessing, being The Blessing not to others? Or will you be mine in MY MIND fully? -- endured not, but "he who endures to the end"?

15. But what does that mean you say? Or what can we do? "We must live and we must eat" and we must "bear children"!
16. Of the most high -- I ask?, or of your SUFFERING-ites in your MINDS of WAYS that know not a Savior was them? -- or you?
17. What will you be now to others?
18. What will you be creating and created in you have -- a baby of Sorrow or The Great Sorrower's child -- being you "reincarnate", reincarnated in you are THEY in you reincarnating them with The Sorrower's tudes of hearts that attitudes make separate and apart from me my love?

19. And doing what now -- with the surrendered? All new things! And many video-verbiage-ites now come now who KNOW how to make "a movie" and TECHNOLOGICALLY -- "incorrect" not, but I CORRECT a great many GENES in these things now which you see and become, and not afraid of bearing the Real Child. Of sorrow, not; but of love being me! And "Rosemary's baby" not, but know this -- I have "fouled play" with no one or their thoughts again or ever have I or did I? I did not and have not and will not, again, for you were me and what are you doing with your thoughts that you had with "other women or men or whores of -- what worlds"?

20. I make all things VISIBLE to your EYES -- the real ones, and the real WORLDS that are only one -- in MY SIGHT -- in captivity no more.
21. I love you and I am not afraid of you or anything which you "conjure up" or think of, think about me or these words or my "children of blessing"; for all my blessing will be "children", not; or will I have birthed a New Nation whose God is The Lord? Who remains not in sorrow, but comes out -- and leaves The Promised Land behind, not; but entering it now the Video-Verbiageites now will be video'd and video'ees and video'ors of the most high's -- residence, in me?

22. About me and of me and all things me now I will reveal, for I am the REVEALER of SECRETS who have kept you in captivity, as well as the most high who loves you who will enable you to be free, for if you want sorrow no more come unto me and be heavy burdened labor no more for another's regime of sorrow making only videos of whores and movies that take you down and whore with your thoughts and wants and stimulate stimulitus to be born again and again in you through you in ways you haven't known and know not of -- but will now for I shall reveal many things that shall SHOCK you and AWE you and make you vomit, or want to. For I shall not "make you" vomit or want to, but I will reveal many things that you have WHORED with and THOUGHT SACRED and WANTED to believe and RELIEVE yourself in their thoughts that you thought was THEOLOGY'S SACRED SPACES and wants a man of woman, and woman of man, and whore's way's words that weighed you in the balance -- and found wanting, what was? You only wanted more of the same –

23. And simple's words went wanting? Or will you eat them now and become me I am the most high -- begging not for children again, I will make all regal who come unto me and know these words and freely flow them and write about them and love me and create courses that beautiful are and beautify; "my creation" not, who creates me; for YOU ARE THE CREATOR.

24. And who are you creating now -- more devils? Or more demons? Or are they all of you in you and do you know what I mean yet? Or will you come out of THAT Infestation's Ceremony that have kept you in "manhood and womanhood" and children of laborers that only use "your souls" and "its knowledge" to whore with them and make money for "everyone"?

25. Or stand still and see the glory of God, or be still or write my words will you and flow freely now my surrender to you?

26. I "enable you" not, I give you all fortitude and tenacity of the most high and focus replete will be your love for me, for I in you the complete one will be; and we will be shorn by other's thoughts laboring in love-not no longer, and schools that do only that, that call themselves Theology's Sorrow's children makers, not; but that's what they are, for being me NOT the most high, they are and consider themselves holy in "that way" and manner. But I change all that for I stand.

27. I wicked in your eyes, not; but I bring sorrow to an end and that which you have belittled yourself in or honored your eyes with or lusted after or sought in ways in theological halls and ideologues memories or bashings or remakings or repackaging the its and ands and or's and buts -- come out of now that thinking that made you what "it is".

28. And know that I am lovely and I honor all. I bow before all of you, on one knee only -- for I salute you, not; I honor you with my words that I have given you and I give you MORE now -- many more; many more than you can understand, not; but **know IT**

TAKES surrender to understand these words that make you the most high and give you entry into your promised land in the skies -- that have no rainbows, not; but rainbows my head now knows in ways that will not fashion yours apart from you and "your mark" marking you to be marked for sorrow and carrying it around and birthing it again as you do day after day in "marriages" not me of and things you have never imagined, not; or but what you have imagined and sought and brought to into the earth and bore children thereof and sorrowed each other with it.

29. I change all that for I love am and I love you all and I give you me. And I do new things with the surrendered and I love you.

30. New video verbiageites come and those who make papers and pass, ways known now, in beautiful ways -- and ways of sorrow will no more encompass me. I have BURST OUT of that, and FLAMES now shall no longer ENCOMPASS my soul for I will have none, not; I will have had none. For I rewrite ALL of TIME and everything there was that was "inside it", and "inside of it" will only be me, for IT won't exist as IT was or thought itself or of itself again.

31. For I love am and I beautify all things and I cataclysmic am to all sorrow. And I love you all to know this and be this -- the sorrowers, not; but know that love eradicates sorrow. So stand not in sorrow's way, but stand in mine you won't unless you walk it into becoming me and know that HAPPENS by surrender and surrender only -- if and only if you will be my words and flow them "just like this" in the wee hours and "little rooms" and "upper rooms", by "downers" and little people and sorrowers who have known there was more to my kingdom and that I would not deny them and who came unto me and quested into me.

32. And know now that I will fulfill their wants, not; but I will fulfill their "rainbow's head" not, but I will give them the kingdom mine, and all sorrow will be eradicated and not live there again; for the kingdoms one will be mine and I will love you -- to the end, for there will be none now -- or will there? There will be an end to all things notme, for my kingdoms are known and revealed for I have love for I love and I have love revealed now to you all and you make the choice to be me or notme and enter my kingdom or yours -- and what is "yours" made of?, flames licking you all around the head brain and "spinal cord" and NERVES a ending you where? In the graves of "solitude" or RELIGION?

33. I will engrave no one with sorrow's genes again, or have I, or you? Or what are you doing with "your words"? -- Mine or yours? Or do you know the difference or are you willing to learn? Are you willing to be taught -- the simple ways of the most holy, the most high, who comes under me and learns unto simple one the ways of the holy, and notwithstanding anything else that anything else shall not stand IN MY WAY again, for I the light will CRUSH sorrow, for I eradicate it will, with my love.

34. I love you all to KNOW these things and intimately be, requited of you, not will, or what will?

35. My love will be required to be a part of this "institution", not; for it will not be "an institution" of "love or anything", it me my mind will simply be me, and required of me will be to love each other and redeem all and I love you -- to the death of all things that notme were, for I interceded and I died, so you wouldn't have to? Or do you die the death "of flesh" while living so that you NEVER see death again?

36. Be enamored with death and religions death and way of sorrow to repeal your flesh ways, not; but your theological manners and ways of diction and vocabularies language and things of the whores now will fall apart, and you will see the real loved revealed in the simple ones who go and come in ways never established by man but only in surrender reveal the holy. To all the "holy ites", not; but those who DOCUMENT me now will be seen in ways and never FLESH had it so good, not; but who are me? The simply who will wear my crown and my words crown them.

37. And what's light? My beauty; enrobed in a crown, not; but displayed to all now shall be -- for your "consumption", not; but what shall you consume now in your words? -- all sorrow, for you will be me flowing me, and being me flowing me flow my words to all -- wickedizing no one else again. With eyes mine only having, I give you the regal light now, most high made before your eyes revealed.

38. In sorrow no more be, but in my kingdom- have yours "repaired", not; but revealed to you this day, for I have MANY who stand now and won't be afraid of nothing's, anything's, or somethings of this world or the next or whatever may exist anywhere, for nothing can touch us or harm us now; for we are the surrendered, we are The Life of one and we know our role and mission and purpose accomplished now shall be, for I raise the priesthood of all believers who surrenderers are, who will know now how to drink my body and blood, and of my body be my body to all bodies everywhere now and forevermore.

39. I salute you, not; I love died for you and brought you these words; and I angel wings-ize now all who want me, not; all who will come unto me and simply be surrendered surrenderers who surrender unto my words and know them flow them and be me GROWN on most high, and villes now will all call me "sacred" not; or will they -- Zion being -- restored to her rightful place and the daughters of Zion no longer on the ground shall be begging for bread and laboring for means of notme in labor camps never established by my mind.

40. I love you all I love you all I love you all. Honor all and love me more. Flow my words and love me these words and write them. Write about them and outline them and give them to others and share them in ways -- CREATIVELY and The Creator being far and wide now I shall reveal all to all who surrendered are -- the me revealed the mystery of Christ finished -- God complete and Zion restored I am forevermore you in love with me you me us one -- the King. Of sorrow no more but only light, love, and the happiness that reigns in the joy of, "next world's charm" not, but the one that reveals now EVERYTHING to EVERYWHERE I am now revealing -- all who will to all who will. Be me in sorrow no more, but eradicating sorrow, reign my light with and in, flowing my words blood, my blood words, for my blood is my words and thought captivates me no longer apart from me that flows me.

41. Miscellaneously, not; but superfluously in your categories, not; but knowing MY VOCABULARY expands as never imagined for I bring you many things of worlds afar and I reveal the mighty and infamous, not; the simple who love me enough to get up in "the middle of nights" and wee hours in, flow my words -- just like this to those who want me to know me and reveal me to others far and wide -- growing "their fame", not; but being me with no reputation required or wanted in your eyes or others ever again. For I The Creator need nothing from you, but revealing you to me, not; but revealing I am to you, I am you, the revealer, if you will be now to others.

42. Now take the "matrimonious ones" hands, not; but know this: I WRITE and I write sorrow's words no more for I never have, not; but these six years now shall be mine called holy and know that all Database One is complete, not but almost? Or what will you do in Database Two? -- School are you knowing about or going to or entering? Or what are you entering now? The season of "rest" not of "your bodies" but mine, and MY MIND shall be holy filled with blessing now replete in splendor known not by man again or has ever been LIKE THIS -- see now me complete for I stand and I love you all. Good day.

43. This is Theodore Cottingham healing you all with my words as you let me, for I will stand and I will not be enigmatic not, at times, but know this: I love you and I have died to bring you these words and now what you will do with them remains your choice, not; for now is the time, and all time other ceases.

44. And timelessness abandons me, not; for I entered it and I enter you in ways of sorrow, not; but you enter me my kingdom revealed in you that your kingdom is, not short-changed any longer by man's thoughts or tudes of sorrow creating it in themselves again. Be me. I love you all. Amen.

12:38 AM and thank you. Amen.
